Drawing Mixed Media

Paint, Draw & More! drawing classes teach young artists in grades K - 1 to draw what they see, to enhance their drawings with their own ideas and concepts, and to use different materials in creative ways. Students learn to draw in a non-competitive, creative and fun environment. This art program helps children build self-esteem through personal drawing success, and helps them develop an understanding of spatial and color relationships. We will use pencils, markers, watercolors, chalk and oil pastels, etc. to draw animals, still life, landscapes, and more. Drawing concepts like composition, shading and perspective will be taught. We use the highest quality materials we can to help our students obtain the best results for their efforts. For more information about Paint Draw and More programs, visit
